‘Unity in community’: Seniors Working Together make golf carts squeaky clean

By **RANDIE DURETZ**

Seniors Working Together of Oak Run (SWTOR) held its first Oak Run Golf Cart Wash June 21 to raise community awareness funds to cover SWTOR’s operational costs.

The event was a wonderful success, and all in attendance had a great time and enjoyed their squeaky clean golf carts.

The committee was overwhelmed by the community participation and expressed their appreciation to all

volunteers, residents and committee members and announced plans to host this event again in early fall.

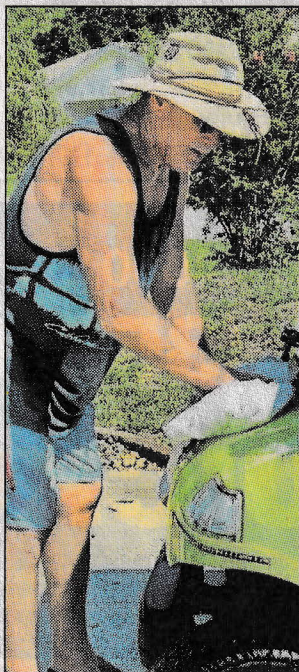

Stay tuned for their events at the ORHA-Happenings Facebook page

The SWTOR committee motto is “Unity in community.”

It was established to do work for the Oak Run community. Let’s continue to support them.
